

UPCOMING WEBINAR

RISE with SAP Benchmark Report Webinar
GET YOUR QUESTIONS ANSWERED

JAN. 4, 2022 | 11 AM ET

SAVE MY SEAT NOW!

Hi SAPinsider,

In our latest **RISE with SAP Benchmark Report**, we gathered insights from over 150 of your SAPinsider peers to help you understand the latest developments and gain steps for continued success. Due to the complex nature of our findings, we imagine you might have questions regarding what you learned from the report.

Don't miss your opportunity to join me and your peers for an exclusive webinar on Tuesday, January 4 at 11AM ET dedicated to helping you get all of your questions answered.

To get the most from the session, we encourage everyone to review the **report** and bring your questions to the table. Thank you for your continued support of SAPinsider. We look forward to learning and growing together as a community.

Thank you,

Robert Holland
Research Vice President,
SAPinsider

BENCHMARK REPORT: **ANALYTICS IN THE CLOUD**

[DOWNLOAD YOUR REPORT](#)

Hi Walter,

As business complexity increases and disruption remains an obstacle to overcome, organizations are evolving their data and analytics portfolios to help them keep up with this ever-changing dynamic. Learn how professionals are adopting analytics in the cloud to build better end-to-end visibility and compliance.

Download our benchmark report to learn how your peers are approaching their data strategies and what's driving them to the cloud.

Gain insight from over 120 professionals surveyed and learn:

The business drivers that are creating a need to build analytics capabilities in the cloud

What capabilities your peers are finding most critical to develop

Insight into the analytics in the cloud technology roadmap

I hope you find value in this research and take advantage of the insights to help you reach your own goals in 2022.

Thank you for your continued support.
